

2021 LAMPHHS Annual Meeting Registration is Open!

Attention LAMPHHS Colleagues:

We're just three weeks away from the 2021 Virtual Annual Meeting!

We are excited to welcome Dr. Stephen Kenny from the University of Liverpool as our Keynote speaker on May 4th and Dr. Sabine Hildebrandt from Harvard Medical School as a guest speaker on May 5th. In between these distinguished guests there will be informative panels of our fellow LAMPHHS members discussing the way our world views have changed over the past year, the need for more inclusiveness in our established medical history institutions and the interesting and varied workflows that have become the new way of getting things done.

On the lighter side, members can enjoy social gatherings where we can set our professional personas aside and hoist our favorite beverages while we show off our artistic abilities. The next morning we'll swap breakfast smoothie recipes and later, exhibit some of our new found hobbies. Earlier today, Micaela Sullivan-Fowler, RAC Chair, sent out a message via the LAMPHHS Listserv with further information about the social events that will be featured during the meeting.
