# DIGITIZING AND USING INSTITUTIONAL PUBLICATIONS

# Metropolitan New York Library Council (METRO) Library Services and Technology Act Micro-grants

## 1st grant

- Awarded December 2012
- Work began January 2013
- •59 physical volumes, 27,020 pages, 126 fold-outs

## 2<sup>nd</sup> grant

- Awarded October 2013
- •Work began November 2013
- Finished final shipment in April 2014

http://archive.org/details/newyorkpresbyterianweillcornell

# Digitized Materials – Round 1

#### Intended

- Society of the New York Hospital Annual Reports, 1792-1962
- Society of the Lying-in Hospital of the City of New York Annual Reports, 1890-1931
- Cornell University Medical College Announcements, 1898-1962
- Cornell University-New York Hospital School of Nursing Announcements, 1896-1978

#### **Actual**

- Society of the New York Hospital Annual Reports, 1834-1989
- Society of the Lying-in Hospital of the City of New York Annual Reports, 1890-1931
- Cornell University Medical College Announcements, 1898-1985
- Cornell University-New York Hospital School of Nursing Announcements, 1896-1978

# Digitized Materials – Round 2

 Cornell University Graduate School of the Medical Sciences Announcements, 1950-1989

### Annual Reports from:

- New York Asylum for Lying-In Women, 1824-1899 (merged with New York Infant Asylum in 1899)
- New York Infant Asylum, 1872-1908 (merged with Nursery and Child's Hospital in 1909 to form New York Nursery and Child's Hospital)
- Nursery and Child's Hospital, 1854-1909 (merged with New York Infant Asylum in 1909 to form New York Nursery and Child's Hospital)
- New York Nursery and Child's Hospital, 1910-1934 (merged with New York Hospital in 1934)
- Manhattan Maternity & Dispensary, 1905-1932 (merged with New York Hospital in 1932 and became the NYH Department of Pediatrics)
- Lying-in Hospital of the City of New York, 1932-1948 (merged with New York Hospital in 1932, but continued to produce annual reports until 1948)

# Historical Significance

- History of health care
- Women's health
- Education of physicians, nurses, biomedical scientists
- Social history, women's history
- History of NYC

## AN ACCOUNT OF PATIENTS ADMITTED INTO AND DISCHARGED FROM THE N. YORK HOSPITAL, AND THEIR DISEASES, DURING THE YEAR 1834.

Rent paid over \$15 per month varied from \$16 to \$30, the same being paid for small shops, allowing a salary from \$10 to \$15 per week to husbands of applicants; and for larger living rooms, allowing applicants to keep roomers or boarders, thereby adding to the income.

## **School of Nursing**

1950 1969

20 SCHOOL OF NURSING

Because interruptions in attendance or inability to complete one or more courses at the time scheduled present a considerably greater problem in a program of this kind than in the usual academic course of study, freedom from outside obligations of a demanding nature is highly desirable. For this reason, students are not expected to take on the additional responsibility of marriage during their period in the school, any exception to this being made on an individual basis in the third term of the last year. In the final term such permission may be granted when the student's record gives evidence that she is able to assume this added responsibility.

#### RESIDENCE

The School of Nursing is considered a resident school. Unless otherwise arranged with the School all unmarried female students are expected to live in the Nurses' Residence. Each student is assigned to a single room which has the basic essentials of furniture and linen provided.

Since there is no residence designated for married students or male students, these students must assume the responsibility for finding living facilities in the metropolitan area.

If a female student wishes to live with her family within the New York City community, she should make this request at any time after admission.

If a female student wishes to live outside of the Residence under circumstances other than the above, either at the time of admission or after admission, she must make this request in writing. Her request must be accompanied by a letter from a parent or guardian indicating: (a) knowledge and approval of the plan to live outside, (b) approval of the apartment or room to be occupied, and (c) approval of the living companion (if any).
