- **sustains** the tradition and commitment of the NLM, and libraries everywhere, to provide knowledge and expertise freely and to inspire people and enrich lives.
- **conveys** the vitality of medical history in our 21st-century world: its relevance and importance for research, teaching, and learning about the human condition.
- **evokes** the living quality of the NLM's historical collections and the stories they offer about the experience of health and disease across ten centuries and around the world.

EMERGING TRENDS IN DIGITAL STEWARDSHIP

POSTED BY CIRCULATING NOW

NLM Traveling Exhibitions

NLM Traveling Exhibitions

“...making libraries more relevant, welcoming places.”

Microbes are equipped with defense mechanisms to help ensure their survival.

Penicillium, the bluish-green mold that grows on stale food, produces a substance that has the power to kill its bacterial competition. Many of these bacteria are also deadly to humans....

SURVIVING & THRIVING

AIDS, POLITICS, AND CULTURE

"We condemn attempts to label us as 'victims,' a term which implies defeat, and we are only occasionally 'patients,' a term which implies passivity, helplessness, and dependence upon the care of others. We are 'People With AIDS.'"

—Denver Principles, 1983
